Premier would like to introduce Ceewan from Malaysia, who brings you the **Pointer**. The **Pointer** is an original design inspired by single point flying. It assembles quickly and has no bridles. This is an ideal kite for everyone since it will virtually 'park' itself in the sky. Its great stability and ability to ride out the gustiest winds will make you an instant pro! The **Pointer** is also a natural stacking kite. Since it is designed to fly with no bridles, just simply tie the next one to the flying line. Add as many **Pointers** as you like and make a statement!

#13065 LANGKAWI
MSRP \$149.95

#13067 TIOMAN
MSRP \$149.95
