

REELS & WINDERS

SLRS LINE RETRIEVAL REELS

The SLRS (Superior Line Retrieval System) combines the large capacity of a Yo-Yo with the smooth operation of stainless steel ball bearings. The SLRS is ideal for small to medium kites that love "deep sky" flying. These reels have a unique fold out crank that also locks the reel in place and they come with handy zippered cases.

#92108 SLRS 8 (for line up to 90 lb. test) MSRP \$38.95

#92110 SLRS 10 (for line up to 150 lb. test) MSRP \$42.95
